Roasted Green Tea

 Non-Caffeine

# NAMIKI 667

## SUMIDA AQUARIUM in TOKYO SKYTREE TOWN®

An indoor aquarium located in TOKYO SKYTREE TOWN®.

It features exhibits that allow visitors to get a close-up look at the ecology of living creatures, such as tanks that can be viewed from various angles and penguin and fur seal pools that are so close you can almost feel the splash of the water.

The aquarium is also actively involved in sustainable activities, such as protecting green turtles from the Ogasawara Islands, breeding Magellanic penguins and jellyfish, and working to connect Tokyo's goldfish culture.
